TERMINAL DISCLAIMER

Assignees, Institut Pasteur and Institut National de la Sante et de la Recherche Medicale, duly organized under the laws of France and having their principal places of business at 25-28 rue du Docteur Roux, 75724 Paris, Cedex 15, France and 101 rue de Tolbiac, 75654 Paris, Cedex 15, France, respectively, represent that they are the assignees of the entire right, title, and interest in and to the above-identified application, Application No. 10/814,589, filed April 1, 2004, for TRANSFORMED SHIGELLA in the names of Philippe Sansonetti and Annick Fontaine, as indicated by Assignment duly recorded in the United States Patent and Trademark Office at Reel 5277, Frame 0539 on March 21, 1990. Assignees, Institut Pasteur and Institut National de la Sante et de la Recherche Medicale, further represent that they are the assignees of the entire right, title and interest in and to U.S. Patent No. 5,762,941, as indicated by the same

Assignment. In support of these representations assignees submit herewith a Submission Under 37 C.F.R. § 3.73(b).

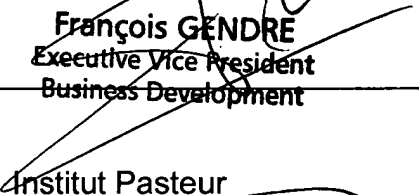

To obviate a double patenting rejection, assignees hereby disclaim, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§ 154 to 156 and 173, as presently shortened by any terminal disclaimer, of prior Patent No. 5,762,941. Assignees hereby agree that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, assignees do not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154 to 156 and 173 of the prior patent, as presently shortened by any terminal disclaimer, in the event that the prior patent later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or in part, is terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

The undersigned are authorized to act on behalf of assignees Institut Pasteur and Institut National de la Sante et de la Recherche Medicale.
